21<sup>st</sup> Day of December 2015

## To Whom It May Concern

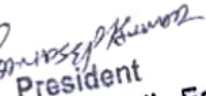

It is certified, that I am a 1<sup>st</sup> class Civil Engg. Graduate from Panjab University of 1968 batch, a self engaged Engineer, a BPO, in Civil Engg. Consultancy service, a Registered Valuer with the Govt. of India & on panels of the various public Sector Banks & social organizations.

That, when the management of "Adharshila Public School", located on Jind Bypass, under the Revenue Estate of Vill. Hebatpur, approached me for its safety certificate of building complex of the school, I visited the school campus inspected all segments of the institution, constituting gate, reception, segments of extra-curricular activities, three storeyed academic block, conteen, double storeyed residential block with swimming pool & stage & a small zoo facing the stage.

  
Adharshila Public School  
Affiliated to CBSE No. : 531111  
Jind Bypass, Safidon Road,

-2-

95% of the total coverage of the School in all segments is under RCC roof & rest i.e. stage & coverage for activities of little angels are in CGI Sheet roofing. All segments of the structures are in single, double & triple storeyed & on microscopic inspection were found as safe & sound.

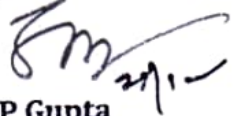

The façades of the entrance gate, reception & three storeyed academic block are speak volume of modern architecture & I do grade it as superior to any other public school in the Distt. running on private lines.

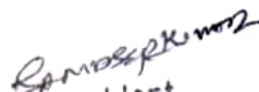

Hence it is certified, that all segments of "Adharshila Public School" are structurally safe & sound with life expectancy of the structures under RCC coverage as 60 years & CGI Sheet roofing as 30 years, as is strictly according to the guidelines of CPWD / State PW (B&R) Deptt.
